Internet2 Community Anchor Program (CAP)
Library Resources

Presidential Primary Sources Project

www.internet2.edu/ppsp

This series of free, interactive, standards-aligned webinars connect classrooms in grades 4-12 to historians at presidential museums and historic sites. Students will interact directly with experts to learn about presidents like Abraham Lincoln, Bill Clinton, John F. Kennedy, and Theodore Roosevelt. Made possible through a partnership between Internet2 and the National Park Service, the series runs from January through April every year.

2024 Presentation Schedule:
11am-12pm and 2-3pm ET

Date	Presentation
Jan 16:	Public Lands, Public Lens: Establishing Protected Spaces
Jan 18:	The Lady Bird Special: A Deep Dive into Lady Bird's Whistle Stop Campaign Tour
Jan 23:	The Constitution and Presidential Powers
Jan 25:	The Journey of Renewal: President Clinton's 1994 State of the Union Address
Jan 30:	Happy Birthday FDR: The Life and Times of America's 32nd President

Internet2 Community Anchor Program (CAP)
Library Resources

Internet2 Community Anchor Program (CAP) Distance Learning Scholarship Program– *Open to K-12 Teachers and School Librarians!*

https://internet2.edu/capscholarship

The Internet2 Community Anchor Program (CAP) distance learning scholarship program gives K-12 teachers and school librarians a scholarship worth $200-400 for free, one-on-one distance learning programs for their classes through the Center for Interactive Learning and Collaboration (CILC) (https://cilc.org). Recipients can choose from any of the over 2,000 professionally delivered programs offered from all over the world, all of which have been evaluated by educators.

➔ **Apply today: https://internet2.edu/capscholarship.**

CAP K-12 Curriculum Resources

https://internet2.edu/k12curriculumresources

This is a list of CAP's favorite online and distance learning resources for K-12 students everywhere. Click the links to help your students learn in new ways, whether it's learning about art from Smithsonian experts, dissecting a bug online, or connecting to students halfway across the globe to compare cultures.

Toward Gigabit Libraries Toolkit

http://internet2.edu/tgl

Link to the latest draft of the toolkit as of January 2024:
https://bit.ly/4bbWBaj

The Toward Gigabit Libraries toolkit is a powerful, FREE tool to help libraries learn about and improve their current broadband infrastructure and internal information technology (IT) environment. Using the toolkit helps library staff become better equipped to improve broadband services and become stronger advocates for their libraries' broadband infrastructure needs.
