

The impact of LSTA funds in Iowa

The State Library of Iowa relies on Library Services and Technology Act (LSTA) funding from the Institute of Museum and Library Services to deliver statewide library development initiatives and services to Iowa libraries and citizens. This critical funding is tied to matching dollars from the Iowa Legislature.

Iowa received \$2,133,597 for Federal Fiscal Year 2023, which was spent over a grant period from Oct. 1, 2023 to Sept. 30, 2025.
